WORK EXPERIENCE

Cogneesol

S.A.S. Nagar, Punjab, India

React.js Developer

Feb 2023 - Present

- Developed and maintained dynamic, responsive web applications using React.js and Next.js.
- Integrated RESTful APIs and GraphQL to enhance application functionality.
- Implemented state management solutions like Redux and Context API for efficient data handling.
- Managed and Optimized Dashboards and Websites built in React.js and Next.js.

React.js Intern

Aug 2022 - Jan 2023

- Learned basics of React.js (functional component, state management, API integration) and built 'Employee Management System' handling basic CRUD operations.

EDUCATION

Global Group of Institutes

Bachelor of Technology (Computer Science)

Graduation Date: Jun 2023

D.A.V Public School

10 + 2 (Non-Medical)

Graduation Date: May 2019

PROJECT EXPERIENCE

Apni-Kheti

CMS Dashboard

- Built a Content Management System in React.js to publish content in the app and website.
- Provided tools for creating, editing, organizing, and publishing content.

E-com Dashboard

- Developed a centralized admin panel providing real-time insights, order management, and sales tracking.
- Helped track key performance indicators (KPIs), manage products, customers, and transactions, and optimize business operations.

Vendor Dashboard

- Built a panel in React.js for sellers to manage products and track orders.
- Provided essential tools to help vendors run business efficiently.

CMS Web Views

- Built in Next.js to provide the latest content uploaded from Apni-kheti Dashboard.
- Provided farmers with the latest news, advisories, events, updates, and blogs in the agricultural sector.

[Shop.apnikheti.com](https://shop.apnikheti.com) (Website)

- Developed shop.apnikheti.com offering a comprehensive range of agricultural products tailored to meet various farming needs.
- Built in Next.js with key product categories: Crop Nutrition, Crop Protection, Seeds, Feed Supplements.

Automation Flows

- Built in React.js using react flow library for building interactive flows.
- Developed a DND application where nodes are dragged and dropped to build flows depicting process visualization.

SKILLS

Skills: Frontend Development: React.js , Next.js , HTML ,CSS , Bootstarp , TypeScript ,JavaScript
API Integration: RESTful APIs , GraphQL
